

SMART-TERMINAL

Sophisticated aluminium profile enclosures for central control units

Our new SMART-TERMINAL aluminium profile enclosures feature a highly quality matt anodised finish. These robust, elegant and highly attractive cases offer plenty of space for large-volume electronic assemblies, for example touch screens, display modules, PCBs etc. A variety of technical advantages, individual profile lengths on request, and creative designer options make the SMART-TERMINAL the last word in excellence for tough industrial display enclosures.

- 3 basic enclosures in the profile lengths 160 mm, 200 mm and 240 mm (overall enclosure length with end covers + 42 mm or with end plates + 4 mm), width 170 mm, height 50 mm
- covers in lava (similar to anthracite) moulded in high-quality ASA+PC-FR plastic
- designer seals made of TPV material in volcano or green
- optionally available with a simple aluminium plate as a lateral end plate
- highly versatile design can be used as table-top, sloping front and wall-mounted enclosures
- recessed area in top for the installation and protection of displays, membrane keypads and operating elements
(SMART-TERMINAL 160: 5.7"/14 cm; SMART-TERMINAL 200 & 240: 7"/17.8 cm)
- horizontal PCB guides and screw channels inside the enclosure
- two-part aluminium profile facilitates the assembly of the enclosure and installation of the components, with no visible fixing screws
- flat areas for easy installation of the interfaces
- side covers with recessed area to protect the cables and connectors
- optional accessories: wall suspension element, case canting kit for an ergonomic reading angle of 12°, set of square-head nuts for PCB mounting

Special sizes and versions

- individual profile lengths to customer specification, minimum order quantity 100 pcs
- on request, designer seals and covers in other colours as creative/visual features, minimum order quantity 200 pcs

SMART-TERMINAL

Applications and Examples

- Peripheral and interface equipment
- Office
- Communications technology
- Safety engineering
- Biometrics
- Medical and laboratory technology
- Health care
- Automation
- Smart Factory
- Industry 4.0
- Gateways
- Measurement and control engineering

Industrial Secure Gateway

ISOBUS terminal for tractors and self-propelled machines

Customising Options

What do you still need for your own very personal product? We can supply enclosures and tuning knobs with all necessary modifications for fitting your electronic components.
