

The enclosure for any corner

SMART-CONTROL is our first standard enclosure for easy installation in room corners. In addition, this enclosures range can be used both on an wall and on a desk at an ergonomically inclined angle.

- · 2 sizes, M and S
- · convex version or version with recessed operating area for membrane keypads
- high-quality ASA+PC-FR material with high UV protection in the standard colour off-white (RAL 9002)
- screwed together on the rear of the enclosure using Torx stainless steel screws
- optional seal (accessory) for IP 55
- special wall suspension element (accessory) for mounting the enclosure in 90° inside corners or on flat surfaces
- desktop stand set (accessory) ensures reliable desktop positioning and an ergonomic reading angle of 45° when the enclosure is set up horizontally
- PCB mounting positions in the top and bottom parts

Applications and Examples

- · Security and monitoring technology
- · Environmental technology
- IoT/IIoT
- Gateways
- Measurement and control engineering, sensor technology
- Control technology
- Medical and laboratory technology
