

EASYTEC

Flanged enclosure for modern sensor applications

The new EASYTEC range of wall-mounted enclosures has been optimally designed for the integration of smart sensors for the IIoT (Industrial Internet of Things) and the IoT.

- modern enclosure design with a high degree of stability
- two sizes 80/100, each in 2 heights
- flame-retardant material ASA+PC-FR and optional protection class IP 65 (seals as accessory) for robust indoor and outdoor applications
- discreet standard off-white colour (RAL 9002) supports the wide range of applications – on request we can also produce the enclosures in other colours
- the bottom part has 2 lugs for quick wall mounting or for installation on pipes/round profiles
- tight electronics compartment with two PCB levels (in the top/bottom parts)
- screw connection with stainless steel screws and Torx drive

Customising Options

What do you still need for your own very personal product? We can supply enclosures and tuning knobs with all necessary modifications for fitting your electronic components.
