

# ROBUST-BOX

## Caixas Universais IP 66

Os dois lados da caixa ROBUST-BOX são equipados com linhas pré-moldadas. Como resultado, os usuários podem escolher se a parte lisa ou a parte alta da caixa devem ser usadas como parte inferior.

- versáteis, caixas seladas em onze dimensões básicas com diferentes alturas e dois materiais padrão
- ABS (UL 94 HB), aprovada como uma caixa para terminal de montagem
- PC (UL 94 HB), caixa sólida e robusta, com alta resistência ao calor para uso em ambientes agressivos
- gabinetes com materiais permeáveis a radiofrequência (RF)
- uso portátil, mesa de trabalho ou caixa de montagem em parede e também como um caixa trilho DIN (com acessórios para trilho DIN)
- fácil montagem; as partes da caixa podem ser usadas como parte superior ou base de secção
- ambas as partes, com área operacional rebaixada para proteger os teclados de membranas ou etiquetas dos produtos
- as tampas de fixação estão fora da área selada; os parafusos de fixação são à prova de ferrugem e acessados pela parte superior
- parafusos de eixos ocultos para montagem em parede ou suportes de montagem na parede externa
- tiras coloridas de cobertura para a codificação (como alternativa para a versão padrão em cinza claro)
- pilares internos para fixação PCB e componentes
- extensa gama de acessórios: pés da caixa, dobradiça, elementos de fixação para trilho DIN, suporte PCB para a montagem de unidades PCB pré-montadas etc.

# ROBUST-BOX

## Exemplos de aplicação

Essas robustas caixas podem ser usadas para ambas as instalações elétricas e eletrônicas. Por exemplo aquecimento, climatização, ventilação, construção de máquinas e equipamentos de construção. Além disso, botão de pressão controlador, sensores e equipamento de medição.

Fill level measurement in process technology

Heating Control

Humidity and temperature measuring unit

Measuring, regulating and metering unit for water quality

Portable metal detector

Robust monitoring systems

Sensor for air pollution

Stationary gas detection system

## Modificações específicas do cliente

O que você ainda precisa em seu próprio produto pessoal? Nós podemos fornecer caixas e knobs de ajuste com todas as modificações necessárias para a montagem de seus componentes eletrônicos. Opções para customizadas Robust-Box

Usinagem

Pintura

Impressão

Letragem a laser

Películas decorativas

Materiais especiais

Blindagem EMC

Instalação / Montagem de acessórios
