

B5503201

Front screen M

The contoured transparent front screen (accessory) protects the displays underneath. It is rounded on the long edges to follow the ergonomic shape of the case. Suitable for SLIM-CASE M with operating panel recessed 1.6 mm (versions III and VI). Mounted with a double-sided adhesive film (accessories).
On request, supplied individually printed from behind to match your visible display as well as masking the adhesive film.

Supply

1 front screenm
